send an e-mail to *FIA Call Center Fax* or fax to: (917) 639-0298

In addition, for new applications filed September 16, 2012 – September 30, 2012, the benefit represented 50% of their pro-rated September and all of October benefit. For applications filed October 16, 2012 – October 31, 2012 and received an expedited issuance, the benefit represented the pro-rated October and full November benefits. The households in the affected zip codes identified for the mass replacements (see Attachment A) do not have to report to the Job Center or SNAP Center to apply for this benefit. The benefits can be identified in WMS as issuance codes **18** (Disaster Related Issuance [CA/SNAP]) and **19** (Disaster Related Issuance [NCA SNAP]).

As a result of this disaster, SNAP participants can purchase hot and prepared foods with their SNAP benefits from their local EBT retailer. This provision is allowed until November 30, 2012.

#### Active Cases

Only select zip codes received the mass replacement; other zip codes may be eligible for a replacement due to a power outage or flood.

Loss of food purchased with SNAP benefits due to a power outage, flood or other emergency is considered a misfortune

The **LDSS-2291A** can be received via fax.

If a participant, who receives a mass replacement benefit, claims that he/she lost more than the mass replacement benefit issued, he/she must submit the **LDSS-2291A** at their local Job Center, SNAP Center, or New York City Restoration Center location, or by mail or fax. (See bullet 2 below)

#### Replacement of Food Purchased with SNAP benefits

For households that are in receipt of SNAP benefits, a replacement of food purchased with SNAP benefits may be issued if the food was lost due to a household misfortune such as a power outage, flood, or absence caused by relocation. If the household received an automatic mass replacement of SNAP benefits described above, then they can only receive up to the difference between the mass replacement amount and the total SNAP benefit received in the month of October.

If a SNAP participant makes a request to replace food he/she must:

- Report the loss of food purchased with SNAP benefits by November 28, 2012.
- Complete, sign, and return the Request for Replacement of Food Purchased with Supplemental Nutrition Assistance Program (SNAP) Benefits (**LDSS-2291A**) no later than December 10, 2012. These forms may either be faxed to **917-639-1111** or mailed to:

Division of Supplemental Nutrition Assistance Program  
Services

Mail Application & Referral Unit (MARU)

PO Box 24510

Brooklyn, New York 11201

- A case comment may be required if the **LDSS-2291A** is not submitted on the same day as the report.

If the request is questionable, verification of the misfortune is necessary.

Since the power outages and relocations caused by Tropical Storm Sandy are so apparent and widespread, documentation of the disaster is **not** required and the request for replacement of food that spoiled as a result of the disaster must not be denied for failing to verify the disaster.

However, If there is reason to believe that a request for replacement benefits is questionable, an evaluation may be made of the individual's household circumstances before issuing benefits. The agency may determine that the household was adversely affected by the disaster and that a loss of food did occur. Verification from, but not limited to, utility companies, government officials, community emergency response organization (e.g., Red Cross), police, fire, and public safety organizations, and other community based organizations can be used to corroborate the claim. Other collateral contacts can be used as well, such as contact with the landlord. Documentation of the monetary value of the lost food is **not** required.

Requests for replacement benefits can be denied or delayed when the available information and documentation indicates that a household's request for replacement benefits may be fraudulent. For instance, if the applicant lives in an area of Upper Manhattan which did not lose power for any appreciable time and submits an **LDSS-2291A** attesting to the loss of food, the agency could delay issuance of the replacement benefit until proof of misfortune is provided.

All submitted documentation including a completed and signed **LDSS-2291A** must be scanned and indexed into the electronic case record.

#### Issuing Benefits

If the claim is questionable, verification of the misfortune may be necessary, but not verification of the monetary value of the food lost.

SNAP benefits used to replace food that has spoiled or become unavailable as a result of a power outage, flood, or other emergency will be authorized up to the amount of the claim, but must not exceed the allotment of SNAP benefits issued for the month.

Households can receive a replacement up to the amount of their most recent issuance prior to the onset of the disaster

If the most recent issuance was a combined expedited issuance for October and November, then the replacement issuance may not exceed the full amount of the combined expedited issuance.

October 2012 SNAP benefit issuances that included a restored benefit (benefits issued as a result of a fair hearing decision) must be included when determining the maximum allowable replacement amount, provided the applicant is requesting more than his/her monthly allotment.

Benefits will be issued through a centralized process. **Do not issue benefits at the Center.**

MIS will send all of the necessary information to OTDA for processing.

The benefits will be issued through a centralized process. Therefore, staff must:

- Collect the **LDSS-2291A** forms
- Review the forms to ensure the dollar amount of the loss, the client's signature, and at least the client's case number, SSN, or Client Identification Number (CIN) was annotated on the **LDSS-2291A**.
- Batch the forms in groups of 50 for pick up by a designated person in FIA Operations. The designated person will forward the packets to a designated area for centralized data entry.

#### Households Not Currently Active for SNAP

Households whose cases are **currently closed**, but received a SNAP benefit issuance in or for the month of October 2012, are not eligible for a replacement of food purchased with SNAP benefits. Replacement benefits can only be issued on cases that are currently active (active at the time the replacement benefit is being issued.)

#### Denials of Replacement of Food Purchased with SNAP Benefits

Centralized Review/Data Entry Unit

Staff in the Centralized Review/Data Entry Unit will determine eligibility for the SNAP replacement benefit. If the request for replacement SNAP benefits was for food that was purchased with SNAP benefits and was lost due to a power outage, flood, or other emergency that cannot be verified or is questionable (e.g., outage was less than four hours; outage did not occur in participant's building, request could not be corroborated), the reason for denial will be noted on the Notice of Action Taken on Your Request for a Supplemental Nutrition Assistance Program (SNAP) Benefit Replacement (**FIA-1088a**). Households that have their request for replacement SNAP benefits denied can request a Fair Hearing on the issue. Replacement SNAP benefits **cannot** be authorized pending a Fair Hearing decision.

Refer to [PD #11-12-OPE](#) for expedited SNAP benefits processing rules

#### Households Not in Receipt of SNAP Benefits Claiming Lost Food

Households that were in applying (**AP**) status at the time of the storm did not receive a mass replacement and are not eligible for a supplement.

There are no special provisions for applicants not in receipt of SNAP benefits, including those households that applied in the month of October and not eligible for expedited benefits, claiming a loss of food due to a power outage, flood, or other emergency. These households may apply for SNAP benefits per normal SNAP eligibility rules and are to be screened for expedited SNAP service according to current procedure.

SNAP issuance codes **10** and **12** must not be used for applicant households claiming a loss of food due to a household misfortune if the food was not purchased with SNAP benefits.

If a non SNAP household submits a request for food replacement and is determined ineligible, a denial notice is not required.
