CA POS Release Notes

CA POS Version 27.3 October 21, 2023

1. Overview of Changes

The following changes and fixes were made in this release:

- Able-Bodied Adult Without Dependents (ABAWD) changes including expansion of age criteria and additions of new exemption criteria.
- Addition of New Issuance Codes for replacing Skimmed Electronic Benefits.
- Addition of New Issuance Codes for Utility Supplement for CityFHEPS clients.
- Add Rent Supplement Plan (RSP) Source fields to Budget and Additional Expense window (FHEPS related).
- Alert to worker when an existing Family Homelessness and Eviction Prevention Supplement (FHEPS) supplement is dropped from the new budget.
- Shortened screen flow for **M66** rejection of duplicate applications.
- Supplemental Nutrition Assistance Program (SNAP) Program Changes updates and Thrifty Food Plan.
- Forms Updates.

2. ABAWD Changes including expansion of age criteria and additions of new exemption criteria

- **Expansion of Age Criteria**

As a result of the Fiscal Responsibility Act of 2023 (FRA), the ABAWD age criteria is being increased from 50 to 52 years, effective 10/1/2023. Currently, the ABAWD age criteria is 18 to 49 years and the system does not allow an ABAWD code of **A** for any client over age 49.

The FRA expands the age range for who may be subject to the ABAWD time limits. The FRA phases in an increase in the ABAWD age limit as follows:

- 18 – 52 years effective October 1, 2023
- 18 – 54 years effective October 1, 2024

Effective September 1, 2023, the FRA adds the following new ABAWD exemptions:

- Homeless individuals
- Veterans; and
- Individuals aged 24 or younger and in foster care on or after their 18th birthday

In this release, the Paperless Office System (POS) has implemented the changes in the ABAWD determination rule. In Classic POS, the ABAWD determination rule runs when the worker clicks the "RUN RULES" button on the Employability Code Determination Window.

According to the new rule, eligible clients who are between ages 18 to 52 will get ABAWD code "A", if otherwise not exempt. This age criteria will be valid until September 30, 2024. Previously, this age criteria was 18 to 49 years.

- **Addition of new exemption Criteria**

CA POS Release Notes

CA POS Version 27.3 October 21, 2023

The new ABAWD exemption for homeless individuals and veterans are also implemented in this Release.

Accordingly, the clients in cases with the following shelter types will have ABAWD code “**N**”.

- **06** – Hotel/Motel Temporary
- **13** – Residential Programs for Victims of Domestic Violence
- **14** – Residential Programs for Domestic Violence – 3 meals. per day
- **23** – Undomiciled
- **30** – Scatter Site Homeless Housing
- **33** – Homeless Shelter Tier I or Tier II (less than 3 meals/day)
- **34** – Homeless Shelter Tier I or Tier II (3 meals per day)
- **35** – Homeless Shelter Non-Tier I/ Non-Tier II

In addition to these shelter types, for the purposes of ABAWD determination, an individual is considered homeless if they reside in a temporary accommodation for not more than 90 days in the residence of another individual (e.g., couch surfing). For any individual(s) that meet this definition and who have a shelter type not listed above, staff must update the system determined ABAWD code to “**N**” on the Individual Data tab of the POS Turn Around Document (TAD) window.

Also, clients with any of the following veteran’s codes will get ABAWD code “**N**”.

- **1** – Special Disabled Veteran
- **2** – Vietnam-era veteran
- **3** – Disabled Veteran
- **4** – Combat Theater Veteran
- **5** – Recently Separated Veteran
- **6** – Other Veteran

For the purposes of ABAWD, an individual who served in any branch of the armed forces or their reserves, and regardless of the reason for their discharge may also be considered veterans and exempt from ABAWD requirements. If an individual meets one of those requirements but does not fit into one of the above categories, staff must update the system determined ABAWD code to “**N**” on the Individual Data tab of the POS TAD window.

Individuals aged 24 or younger and in foster care on or after their 18th birthday are also to be exempted from the ABAWD requirement. However, this rule is not implemented in the ABAWD determination rule in this release. During the interview, if the applicant or participant is found to fall in this criteria, their system determined ABAWD code must be changed to “**N**” on the Individual Data tab of the POS TAD window.

Please note that OTDA has obtained a statewide extension of the waiver of the ABAWD time limits through February 28, 2025. This means the agency is not required to send **FIA-1250** (Important Information About SNAP Work Rules (General, Mandatory E&T, and ABAWD)). However, it is still required to send **FIA-1251** (Important Information About SNAP Work Rules (General and Mandatory E&T)).

3. Addition of New Issuance Codes for replacing Skimmed Electronic Benefits

Congress has authorized the repayment of stolen CA and SNAP benefits due to skimming. As a result of this, CA and SNAP policy have requested new pay types to better track replaced skimmed CA and SNAP benefits.

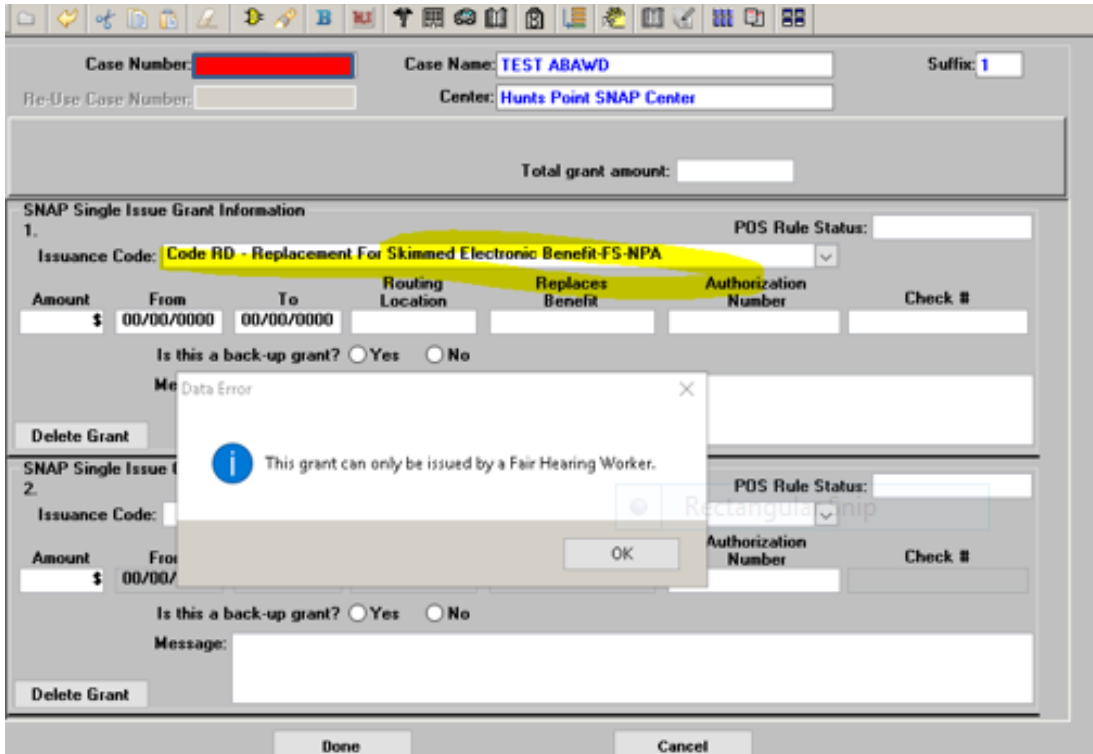

The following 3 new issuance codes are added to replace the skimmed electronic benefits.

- RE - Replacement For Skimmed Electronic Benefit-CA**
- RD - Replacement For Skimmed Electronic Benefit-SNAP-CA**
- RC - Replacement For Skimmed Electronic Benefit-SNAP-NCA**

Code **RE** is used as CA benefit in the CA/SNAP cases.
Code **RD** is used as SNAP benefit in the CA/SNAP cases.
Code **RC** is used as SNAP benefit in the NCA-SNAP cases.

These benefits are issued after the Fair Hearing determination and can be issued only by Fair Hearing staff or FIA staff working on Fair Hearing compliance. If an attempt is made to issue these grants by a non-Fair Hearing worker on the grant Data Entry window, the following message will appear:

“This grant can only be issued by a Fair Hearing Worker”

4. Addition of New Issuance Codes for Utility Supplement for CityFHEPS clients

A new CA Single Issue (SI) Payment Type Code '**QN**' is to be used for a new utility supplement paid to CityFHEPS clients who are in an apartment that does not include all utilities. This new Payment Type code will be fully city funded.

QN – Utility Supplement for CityFHEPS clients

The new SI grant codes are added to the Single-Issue Benefit Data Entry Window in POS for CA cases.

Following are some of the edit details in WMS for the issuance of this code.

1. Pick Up Code = **1** Special Roll Check or EBT. Issue paper check if case status is closed (**CL**); send payment to EBT if case status = **AC** or **SI**
2. Routing Code can be blank or have one of the following routing codes: **CRP1, CRP2, CRP4, CRP5, R001, CRP6, CRP7, D000**.
3. Maximum dollar amount of the new Payment Type is \$ 1,000.00 on any one day, but no minimum amount.
4. The same case can be authorized to receive multiple new utility allowance payments (if the tenant completes a late annual renewal and is owed retroactive payments), therefore there should be no restriction on number of payments issued for a case, except it should not be more than \$1,000.00 total on any given day.
5. Payments should not exceed a twelve-month period.
6. The new payment type code can be directly data entered into WMS or via POS/WMS or it may come to WMS as an LMS (Current) Payment.
7. The new payment type **QN** can be issued as paper check or as an EBT deposit directly to the client.

This issuance code **QN** will be under issuance category "Other Allowances".

If the grant amount entered is more than \$1000, error message, "**Grant Amount cannot exceed \$1000.00. Please Re-enter Amount.**" will appear as below:

CA POS Release Notes

CA POS Version 27.3 October 21, 2023

The screenshot displays the CA POS software interface for entering a grant. The form includes fields for Case Number, Case Name, Suffix, Re-Use Case Number, Center (Hunts Point Job Center), and Category (SNCA). The Request Type is set to 'New Grant'. A question asks 'What type of grant needs to be issued?' with radio buttons for PA (selected) and SNAP. The Total grant amount is \$9,999.00. The PA Single Issue Grant Information section shows Pick-Up Codes as 'PUC 1 - Special Roll Check', Issuance Category as 'Other Allowances', and Issuance Code as 'Code QN - Utility Supplement for CityFHEPS clients'. An error message dialog box is overlaid on the form, stating 'Invalid Data' and 'Grant Amount cannot exceed \$1000.00. Please Re-enter Amount.' The dialog has an 'OK' button. The form also includes fields for Shelter Type, Fair He, Amount (\$9,999.00), From (07/07/2023), Message, and a 'Delete Grant' button. At the bottom, there are 'Done' and 'Cancel' buttons.

8. Addition of New Issuance Codes for Repair cost for CityFHEPS units

New CA Single Issue Payment Type Code 'QM' to be used for a new Special Repair program in which landlords will be offered a one-time payment to reimburse them for repairs made up-front in chronically vacant, rent-stabilized units with very low rents, in exchange for rental of those units to CityFHEPS voucher holders. The Office of Management and Budget (OMB) has approved a pilot for payments of up to \$25,000 in 400 units. This new Payment Type code will be fully city funded.

QM (CA Single Issue) – Repair cost for CityFHEPS units

The new SI grant codes are added to the Single-Issue Benefit Data Entry Window in POS for CA cases.

CA POS Release Notes

CA POS Version 27.3 October 21, 2023

Following are some of the edit details in WMS for the issuance of this code.

1. Pick Up Code = 1 Special Roll Check.
2. Routing Code can be blank or have one of the following routing codes: **CRP1, CRP2, CRP4, CRP5, R001, CRP6, D000, E230.**
3. Maximum dollar amount of the new Payment Type is \$ 20,000 on any one day, but no minimum amount. (As WMS cannot post benefit greater than \$9,999.99, amounts higher than \$9,999.99 will be broken up into separate issuances by the worker who must input the larger amount as separate multiple issuances).
4. The same case can be authorized to receive multiple new repair program payments (in the event case changes apartments, etc.), therefore, there should be no restriction on the number of payments issued for a case, except it should not be more than \$20,000.00 total on any given day.
5. The new payment type code can be directly data entered into WMS or via POS/WMS, or it may come to WMS as an LMS (Current) Payment.
6. The new payment type can be issued as paper check or as an EFT deposit directly into the landlord's bank account. If determined to be issued as EFT, then use routing code of **E230.**

This issuance code **QM** will be under issuance category "Housing Related Codes".

9. Add Rent Supplement Plan (RSP) Source fields to Budget and Additional Expense.

New York State is introducing a new funding source for the FHEPS A supplement. This new source of funding is known as Rent Supplement Plan (RSP). This new field will contain the dollar difference between the 100% FMR (Fair Market Rent) and the maximum payment allowed by the state.

In this release, POS implemented a new field RSP and will display the RSP amount separately in the Budget result window and the Additional Expense window as per rules of calculation and chart to determine the RSP amount. (See displays on next page)

10. Alert to worker when an existing Family Homelessness and Eviction Prevention Supplement (FHEPS) is dropped from the new budget.

During the recertification process, it has been reported that FHEPS was dropped from CA cases for some cases. When FHEPS is dropped from the budget inadvertently, the landlord will not receive the FHEPS rent supplement check and clients may face eviction. To prevent the accidental dropping of the FHEPS supplement during the case activity, the following changes are implemented in this release.

If the case is currently receiving FHEPS supplement and the selected budget on the TAD window does not have the FHEPS supplement, then the following new screen will appear when the user attempts to go past the TAD window.

There are 3 options in the new screen. User needs to select the appropriate option based on the screen instructions.

Missing FHEPS Supplement

This case is currently receiving a FHEPS supplement. However, in the selected budget, the FHEPS supplement is removed. If you removed it by accident, select Option 1. The System will take you to the Additional Expense Screen to fill in the FHEPS data. You should then calculate a new budget and select the new budget on the TAD screen. If you have already calculated a budget with FHEPS supplement, select Option 2. The System will allow you to select the correct budget. If you removed the FHEPS supplement for a valid reason, select Option 3. The system will open the Case Comment screen. Enter in the text box a valid reason for dropping the FHEPS supplement.

- Option 1: Annotate Additional Expense window (AEXP) and calculate another budget to select that budget.
- Option 2: Select another saved budget which has FHEPS supplement.
- Option 3: Enter case comment:

OK Cancel

When option 3 is selected, a text box to enter a comment will appear. The worker needs to enter a valid reason for removing the FHEPS supplement. This comment will be saved as a case comment.

11. Shortened screen flow for M66 rejection of duplicate applications

Currently the duplicate applications are hidden from the queues and reports until the primary case is processed. The duplicate cases are released to the queue on the day after the primary case is processed. If the primary case is accepted for ongoing benefit, the duplicate case needs to be rejected with reason code **M66** (Case is active on another case). For this purpose, the duplicate cases will be released to the “**M66 Rejection**” queue for the respective centers.

The rejection process for such duplicate cases do not need to go through all interview screens. To shorten the processing of the **M66** rejection, the screen picklist will now be enabled. This helps the worker to select only the needed screens from the screen picklist that need to be annotated, such as the CIN re-use, TAD window, etc., for the rejection.

12. SNAP Program Changes updates and Thrifty Food Plan

The Office of Temporary and Disability Assistance (OTDA) has published the new changes for the SNAP program effective on October 1, 2023.

Thrifty Food Plan

The maximum SNAP allotment amounts will increase for all household sizes. The amounts for zero-income households are as follows:
