HCF-DHS REFERRAL FORM
Screening Tool for Referral from Health Care Facilities: SINGLE ADULT

This HCF-DHS Referral Form must be completed for each patient who is admitted to a healthcare facility (HCF) or a long-term care facility (LTCF) and is being referred to the DHS Single Adult Shelter or Street System. Completion of this form for each patient will help Department of Homeless Services (DHS) to determine if:

(1) The patient is medically appropriate to reside in a single adult DHS shelter or Safe Haven facility; and

(2) All efforts have been made first to discharge the patient to a non-shelter setting.

Shelters for single adults are congregate settings with open dormitory-style rooms and do not provide nursing services; there are **no medical or respite shelters in the New York City DHS Shelter System.**

- For detailed guidance on this form, including a brief description of DHS and coordination of care guidance, see the *Referral from Healthcare Facilities to DHS Single Adult Facilities*, (hereafter referred to as the procedure) found at: https://www1.nyc.gov/site/dhs/shelter/singleadults/single-adults-hospital.page.
- Electronically completed forms are best practice, and DHS will review all received forms sent via email.
- Determinations regarding referrals or requests for more information will be communicated via email.
- If a homeless patient leaves against medical advice, please email **HCF-DHSreferral@dhs.nyc.gov.**
- This is a PDF fillable form and must be **electronically completed and submitted.** Forms that have been handwritten and/or faxed will not be accepted.

To use this form:

1- Call the DHS Referral Line at 212-361-5590 to determine if the patient is a new or current DHS client.
   a. If the patient is a current DHS client, the HCF will request the name of the client's assigned DHS site and the email address to which the referral form should be sent. The shelter director of the patient's assigned site.
   b. If the patient is new to the DHS system or has been out of shelter for over 12 months, email the form to:
      1. DHS-HCFreferral@dhs.nyc.gov for men, and
      2. HCF-Referral@helpusa.org for women.

2- Complete the form and email it to the appropriate email address.

3- After the form has been sent via email, the DHS site or Office of the Medical Director will respond with a determination within 1 business day for inpatient stays less than 30 days and 2 business days for inpatient stays of 30 days or more.

Client Name (First, Last): **DOB:**

Absolute Exclusion Criteria for DHS single adult shelter or safe haven If the patient has one or more of the health conditions, limitations of independent activities, or functional needs listed below, they are medically inappropriate for DHS single adult shelter or Safe Haven	
• Inability to care for self and independently manage activities of daily living; use the ADL Assessment Form included on the Referral Form. An ADL score <12 indicates medical inappropriateness for shelter. The ADL Assessment Form must be completed by a clinician on the patient's team; • Lack of decisional capacity; • Need for home care or visiting nurse services beyond wound care or IM/IV medication administration and beyond 2 weeks; • Severe immunosuppression (chemotherapy, end-stage AIDS, post-transplant, with an Absolute Neutrophil Count (ANC) <500mL); • Major dementia with cognitive deficits (MMSE <25); • Peritoneal dialysis; • Inability to make needs known or follow commands; • Unresolved delirium;	• Inability to independently manage chronic illnesses or medication administration, schedule, and reminders, including inability to self-administer insulin; • Inability to independently manage urinary catheters; • Inability to manage urinary or bowel incontinence or explosive diarrhea; • Oxygen-dependence requiring an oxygen tank/cylinder of any size, containing liquid or compressed oxygen (oxygen concentrators are allowed); • Cranial Halo Devices or stabilizing protective gear worn continuously; • Poses imminent risk of physical harm to themselves or others; • Inability to: understand spoken, signed, visual, or tactile language with or without an interpreter; or • On a ventilator.

If the patient has any of the health conditions, limitations of activities, or functional needs listed on this page STOP, the patient is medically inappropriate for a DHS shelter or Safe Haven and should not be sent to DHS. For more information on alternative housing solutions, please go to: https://www1.nyc.gov/site/hra/help/homelessness-prevention.page.

Relative Exclusion Criteria for DHS single adult shelter or Safe Haven If one or more of the following apply to the patient, the HCF/LTCF may be contacted for additional information by the DHS Office of the Medical Director or relevant site.	
• Requires infusion pumps/ PICC lines	• Intra-muscular or intra-venous medication administration via nurse- no more than twice per day, must be prearranged by HCF and limited to no more than 2 weeks
• Colostomy bag	
• Tracheostomy/ feeding tube

Section 4. Functional Status

For patients with a disabling condition due to a medical condition or disability, please attach a completed DHS Reasonable Accommodation Request Form (https://www1.nyc.gov/assets/dhs/downloads/pdf/client-accom-request-form.pdf) when this Referral Form is submitted. For example, but not limited to: gastrostomy tube, tracheostomy/feeding tube, requires infusion pumps or picc lines, colostomy bag, needs wound care or nursing visits, or uses a wheelchair, walker, cane or crutches, CPAP or BiPAP/ BPAP machine, or oxygen concentrator.

For additional guidance, see the *Process for Referral of Single Adults from Healthcare Facilities to the DHS Single Adult Shelter System.*

Please attach PRI if patient is being referred from a Long Term Care Facility and those hospitalized for > 2 months.

4.1	**Health conditions, limitations of independent activities, and functional needs:**			
	Urinary catheter	Yes ◯	No ◯	N/A ◯
	Urostomy bag	Yes ◯	No ◯	N/A ◯
	If yes to any diagnosis or possibility of diagnosis to developmental disability listed in section 3.5:			
	Did any of the following codes appear in eMedNY/ePACES: 44,45,46,49, and 95?		Yes ◯	No ◯
	Was OPWDD contacted?		Yes ◯	No ◯
	Indicate which codes appear and what the outcome of the conversation was with OPWDD:			
	Gastrostomy tube	Yes ◯	No ◯	N/A ◯
	Tracheostomy/feeding tube	Yes ◯	No ◯	N/A ◯
	Intra-muscular or intra-venous medication administration via nurse- no more than 2 per day, must be prearranged by HCF and limited to no more than 2 weeks	Yes ◯	No ◯	N/A ◯
	Requires infusion pumps/ PICC lines	Yes ◯	No ◯	N/A ◯
	Colostomy bag	Yes ◯	No ◯	N/A ◯
	Unable to walk more than a few feet alone	Yes ◯	No ◯	N/A ◯
	History of accidents or leaks	Yes ◯	No ◯	N/A ◯
	History of falls	Yes ◯	No ◯	N/A ◯
	Wound care	Yes ◯	No ◯	N/A ◯
	Number of dressing changes per day: _____			N/A ☐
	Able to manage wound dressing alone	Yes ◯	No ◯	N/A ◯
	Nursing Service	Yes ◯	No ◯	N/A ◯
	Estimated number of visits per day:			
	Describe function:			
	Arranged?	Yes ◯	No ◯	N/A ◯

If yes, was final court order and treatment plan received?			Yes ◯	No ◯
If no, does the patient not meet criteria? Specify:				
Is the patient on ACT team?			Yes ◯ No ◯	N/A ◯
Name of ACT team:		Borough of ACT team:		
ACT team contact name and phone number/email:				

Client Name (First, Last): **DOB:**

Section 6. Treatment Team Approval

In the opinion of the clinical treatment team, the patient is independent (does not require support or assistance) in activities of daily living as detailed in the DHS ADL Assessment for Institutional Referrals on page 5, and the patient:

- Will be able to function in shelter in a congregate setting and without home care or long term nursing support; and
- Has no health, mental, or emotional concerns that may make them a danger to themselves or others in a shelter setting.

If one or both of the above statements are false, the patient is inappropriate for shelter.

We, the treatment team identified below, hereby attest to the truth of the above statements, and that everything included in this HCF-DHS Referral Form is a true and accurate representation of the health conditions, limitations of independent activities, and functional needs of the patient. We explored non-shelter housing options to the best of our abilities and confirm that no viable and safe alternatives to shelter were found prior to making this referral to DHS.
