POLICY BULLETIN #16-47-OPE (This Policy Bulletin obsoletes PB #14-34-OPE)

CHILD CARE MARKET RATES EFFECTIVE 6/1/2016

Date: June 16, 2016	Subtopic(s): Child care, ACCIS
<p> This procedure can now be accessed on the FIAweb.</p>	<p>The purpose of this policy bulletin is to inform all staff who process child care of the change in the child care market rates that went into effect on June 1, 2016. It is informational for all other staff.</p> <p>The New York State Office of Children and Family Services (OCFS) establishes new maximum child care market rates every two years. The child care market rate determines the maximum amount that the Agency can pay to providers who care for children eligible for a child care subsidy. The new 2016 market rates were effective on June 1, 2016. These current rates are listed on the attached Maximum Child Care Rates form (W-667F).</p> <p>Staff must use the W-667F to determine the maximum rate applicable to the type of provider used. JOS/Child Care Specialists must apply the new market rates when entering new legally-exempt child care providers in the Automated Child Care Information System (ACCIS). The actual amount requested by the provider can be paid up to the maximum child care rate shown.</p> <p>JOS/Child Care Specialists cannot make any rate changes for providers already active in ACCIS. Only New York City Children's Services (ACS) can update the rates of all active providers in the ACCIS. All rate change requests must be made to ACS and ACS will update the rate if the increase is justified. A provider cannot increase his/her rates just because of the increase in the child care market rate.</p> <p><i>Effective Immediately</i></p>
