## **JOBS-PLUS PROVIDERSTATS MEETING SCHEDULE**

**Subtopic(s):** Schedule for ProviderStats Meetings

### **■ INTRODUCTION**

This policy bulletin includes information for Jobs-Plus Program provider staff about the ProviderStats meetings schedule.

### **■ PURPOSE**

The purpose of this policy bulletin is to provide the schedule for Jobs-Plus ProviderStat meetings for October 2022.

### **■ BACKGROUND**

The schedule below is for the Jobs-Plus ProviderSTAT meetings scheduled for Jobs-Plus providers. The meetings will begin in August 2022. The schedule for the remaining meetings of 2022 will be published at a later date. Please note that future ProviderStat meetings may be structured differently to enable optimal provider discussions.

Although the schedule includes all planned ProviderStat meetings through October 2022, the Human Resources Administration (HRA) may at any time require Career Services Providers to attend in-person meetings and/or conference calls to discuss operations and performance. HRA regularly reviews contract performance, program activities and operations with all providers throughout the year.

The below schedule is subject to change.

---
