POLICY DIRECTIVE #09-44-ELI *(This Policy Directive Replaces PD #08-41-ELI)*

UTILIZING THE EMERGENCY HEAP PROGRAM TO MEET ENERGY EMERGENCIES

Date: December 11, 2009	Subtopic(s): HEAP
-----------------------------------	-----------------------------

AUDIENCE The instructions in this policy directive are for staff in Job Centers and Non Cash Assistance Food Stamp (NCA FS) Centers and are informational for all other staff.

REVISIONS TO THE PRIOR DIRECTIVE

This Policy Directive has been revised to include the following:

- The 2009–2010 Home Energy Assistance Program (HEAP) season opening date of November 2, 2009, has been added.
- The Program Description section has been updated to include a requirement for all heating service contracts for applicants to contain a clause stating that ongoing service beyond single cleaning and adjustment will be covered by the service contract.
- The Program Description section has been updated to include information on resource limits.
- The Program Description section has been updated to reflect the one-time flat benefit amount of \$600 for applicants who use oil, kerosene, or propane for heating.
- All references to the point system, by which HEAP benefits were calculated in the past, have been removed.
- All references to a supplemental HEAP benefit, which was available during the 2008–2009 HEAP Season, have been removed.
- If an applicant refuses to use a participating fuel vendor, he/she will not be eligible for a HEAP benefit or an emergency fuel delivery through the Emergency Assistance to Adults (EAA) or Emergency Assistance to Needy Families with Children (EAF) programs.

HAVE QUESTIONS ABOUT THIS PROCEDURE?
Call 718-557-1313 then press 3 at the prompt followed by 1 or
send an e-mail to *FIA Call Center*

- When an energy emergency is met with either a HEAP referral or a One-Shot Deal, the applicant/participant must be given a notice on the day of the decision, to clearly explain how the emergency need will be met.
- The list of HEAP offices (**Attachment A**) has been updated to reflect the current locations of the HEAP offices.

POLICY

The Home Energy Assistance Program (HEAP) provides grants to assist low-income families and individuals who pay separately for heat and/or heat-related utility service. HEAP is divided into two components: regular HEAP and Emergency HEAP (“E” HEAP). Eligibility is determined by comparing the household’s gross monthly income to the HEAP income eligibility standards, and the benefit amount is determined according to the household’s energy situation and whether the household falls within the Tier I or Tier II income bracket.

If an eligible household is without power or fuel for heating, HEAP must resolve the emergency crisis within 18 hours and within 48 hours if the heat loss is imminent.

The Job Center administration is responsible for ensuring that any person requesting a grant for a heat or heat-related emergency is assessed for HEAP eligibility. This includes requests for payment to repair/replace a boiler; payment of a utility bill to restore electric services needed to operate a furnace/boiler; or when the household has less than ten days’ worth of fuel or no fuel at all.

PROGRAM DESCRIPTION

The 2009–2010 HEAP season began on November 2, 2009, for both regular and “E” HEAP benefits.

“E” HEAP is available when the following criteria apply:

- The household meets HEAP income eligibility and resource criteria.
- The applicant is a U.S. citizen or qualified alien. However, emergency assistance may be provided to a customer of record who is a nonqualified alien, on behalf of members of the household who are citizens or qualified aliens.
- The applicant is the customer of record or the spouse/surviving spouse of such customer who is living in the household.
- The household’s regular HEAP benefit is insufficient or unavailable to help meet the emergency situation.

- The household is in any of the following emergency situations:
 - Heat-related utility service used to operate the heating equipment has been disconnected or scheduled for disconnection.
 - Utility service necessary to operate the primary heating equipment is terminated or scheduled for termination, including:
 - service to start or run the furnace or boiler;
 - electricity necessary to distribute the heat; or
 - electricity to operate the thermostat.

NOTE: Portable space heaters are not considered primary heating equipment. The primary heating equipment does not need to be operable in order for the household to apply for a heat-related utility grant.

- The household is without heating fuel, or has a heating fuel supply that is equal to or less than one quarter of the household's fuel tank.
- The electric heating or gas heating service is scheduled for turnoff.
- Heating equipment owned by the applicant is inoperable or unsafe and in need of repair or replacement.
- The household does not have any nonexempt liquid resources available to meet the emergency need. All available nonexempt liquid resources must be used to help meet the emergency.

New Information

NOTE: For households that include an individual 60 years of age or older, the first \$3,000 worth of resources is considered exempt. For all other households, the first \$2,000 of resources is considered exempt. If available resources are insufficient to fully resolve the emergency situation, "E" HEAP may be issued.

Although it is the responsibility of the Job Center to initiate both the regular and/or "E" HEAP applications for individuals with utility/heat-related emergencies, individuals may also obtain information on applying for "E" HEAP by calling HEAP at **(800) 692-0557**, the Human Resources Administration (HRA) Infoline at **(877) HRA-8411**, or **311**, or by visiting one of the HEAP offices. See **Attachment A** for a list of HEAP offices.

Whenever a household facing an emergency heating situation applies for assistance, the availability of a regular HEAP benefit must be explored before issuing an emergency grant using cash assistance funds.

Emergency HEAP criteria for oil applications

All applicants who use oil or kerosene for heating must be signed up with a participating vendor.

The service contract must include a:

New Information

- cost to the customer specifically for the contract.
- clause stating that ongoing service beyond single cleaning and adjustment is covered by the service contract.
- clause that voids the contract with no refund to the customer if delivery is taken from an alternative supplier.

New Information

Applicants who use oil, kerosene, or propane for heating will receive a one-time flat benefit of \$600.

REQUIRED ACTION

NCA FS Centers

An NCA FS applicant/participant who has a heat or heat-related emergency, question, or problem regarding his/her HEAP benefit must be advised to call HEAP at **(800) 692-0557**, the Human Resources Administration (HRA) Infoline at **(877) 472-841**, or **311** for assistance.

Job Centers

JOS/Worker Responsibility

Do not refer individuals with an emergency heating situation to a HEAP office. Initiate the application from the Job Center.

When an applicant/participant at a Job Center requests assistance to meet a heat or heat-related emergency, the JOS/Worker must check whether the **Benefits Issuance** screen indicates that a Special Grant Code **80** (Emergency HEAP Payment) has been issued.

If a HEAP Payment has not been issued, the JOS/Worker must:

Form [W-137A](#) must be completed by active CA participants only.

Refer to [PD #05-28-SYS](#) for detailed instructions.

- if the case is active for CA, have the participant complete the Request for Emergency Assistance or Additional Allowance (For Participants Only) Form (**W-137A**).
- annotate all participant requests using the Single Issue Grant Requests Task List in POS
- complete the Utility Arrears/Emergency Heating form (**M-858m**).
- complete the Temporary Assistance and Food Stamp Recipient Request for Regular HEAP Benefits ([LDSS-4889](#)).
- have the applicant/participant sign Form **LDSS-4889**.
- forward the signed Forms **M-858m** and **LDSS-4889** to the Utility Liaison.

Once the Utility Liaison notifies the JOS/Worker of the HEAP determination, the JOS/Worker must proceed based on the decision and whether the HEAP applicant is currently in receipt of ongoing CA.

If the applicant/participant is found ineligible for HEAP, the JOS/Worker must determine whether the household is eligible for an emergency cash grant. If the household is eligible, the JOS/Worker must issue a grant as a nonrecoupable Special Grant (code **50**) or a recoupable Special Grant (code **41**).

Applicants for Ongoing CA
or One-Shot Deals

When meeting an applicant's emergency need (including energy emergencies) using cash assistance funds, the JOS/Worker must complete Form [W-145HH](#) and issue it to the applicant on the same day as the decision, to clearly explain how the emergency need will be met.

Form **W-145HH** must be completed and provided to all applicants for ongoing CA or One-Shot Deals, whether the Agency meets the emergency need through a referral to HEAP or with an emergency grant. For example, the Agency may meet the declared energy emergency of an applicant through a referral to the HEAP unit if HEAP is available, if the applicant has not exhausted his/her current HEAP benefit, and if the applicant appears otherwise eligible for HEAP.

Form **W-145HH** must state that the referral is available and meets the applicant's emergency need. If the Agency denies the application, Form **W-145HH** must note the reasons for the decision. When the resolution of the emergency is deferred to a later date, another Form **W-145HH** must be issued at the point at which the emergency need is met.

CA Participants with Heat
or Heat-Related
Emergency Needs

When meeting a participant's emergency need (including energy emergencies) using cash assistance funds, the JOS/Worker must complete and issue the Action Taken on Your Request for Emergency Assistance or Additional Allowance (For Participants Only) Form (**W-137B**) on the same day as the decision, to clearly explain to the participant how the emergency need will be met.

Form [W-137B](#) must be completed by the JOS/Worker and provided to all CA participants requesting assistance with a heat or heat-related emergency, whether the Agency meets the emergency need through a referral to HEAP or with a One-Shot Deal. For example, the Agency may meet the declared energy emergency of a participant through a referral to the HEAP unit if HEAP is available, if the participant has not exhausted his/her current HEAP benefit, and if the participant appears otherwise eligible for HEAP.

Form **W-137B** must state that the referral is available and meets the participant's emergency need. If the Agency denies the application, Form **W-137B** must note the reasons for the decision, including those instances when the emergency is not an immediate need and the Agency will address the emergency need later, such as at the eligibility interview. When the resolution of the emergency is deferred to a later date, another Form **W-137B** must be issued at the point at which the emergency need is met.

See the POS Implications section of this policy directive for additional instructions.

JOS/Workers must ensure that applicants for Cash Assistance (CA) or participants who pay for heat separately from their rent have fuel allowances included in their CA grants. The correct fuel type and shelter type code must be entered in the Welfare Management System (WMS) budget. This coding will also ensure that HEAP issues the correct amount in the future.

Utility Liaison Responsibility

Refer to [PD #07-14-ELI](#) for information on the utility process.

Upon receipt of Forms **M-858m** and **LDSS-4889** from the JOS/Worker, the Utility Liaison must proceed according to the household's heating type.

Natural Gas Households

For households that use natural gas for heating, the Utility Liaison must contact HEAP Central to initiate a HEAP application over the telephone.

Oil and Kerosene Households

For oil and kerosene households only, the Utility Liaison must ensure, before contacting HEAP, that Form **M-858m** confirms that the household has a participating oil vendor or has a non-participating oil vendor and:

- has a current service plan in place, or
- has a current budget plan with a cap price .

Refer to the Guide to Accessing the HEAP Participating Vendor List from Centraport (**Attachment B**) for more information.

The Utility Liaison must utilize Centraport to check whether the applicant's/participant's current fuel vendor participates in the HEAP program.

If the applicant/participant has a participating fuel vendor, the Utility Liaison must proceed to contact HEAP to initiate a HEAP application over the telephone.

If an applicant's/participant's current fuel vendor does not participate in the HEAP program, the applicant/participant must be advised to select a new participating vendor from which to receive his/her emergency supply of fuel, unless the applicant/participant is under a service contract plan with the non-participating vendor.

When a new vendor is selected, the Utility Liaison is responsible for:

- obtaining verification from the new vendor that they will accept the applicant/participant as a customer.
- entering information about the participating vendor or the applicant's/participant's service contract exemption on Form **M-858m**
- faxing Form **M-858m**, along with the vendor's verification, to HEAP Central.
- contacting HEAP to initiate a HEAP application over the telephone.

New Information

If an applicant/participant refuses to use a participating fuel vendor, a referral must still be made to HEAP via Form **M-858m**.

Utility Liaison responsibility

Once HEAP Central has informed the Utility Liaison of the preliminary HEAP determination, the Utility Liaison must inform the JOS/Worker of the decision.

HEAP Central will determine whether the household has already applied for and/or received the regular HEAP grant. If not, the application will be evaluated for regular HEAP before an "E" HEAP grant is considered.

In cases where the JOS/Worker has determined that a HEAP benefit has already been issued (Special Grant Code **80** is indicated in the **Benefits Issuance** screen), the Utility Liaison must ask HEAP Central about the availability of an "E" HEAP grant before the Agency considers issuing a utility arrears payment.

In any case where both regular HEAP and "E" HEAP are unavailable (for example, the applicant/participant has exhausted his/her HEAP benefits for the current program year or the HEAP program has closed for the current program year), the Agency must determine the applicant's/participant's eligibility for an emergency CA grant to meet the need.

Applicants for Ongoing Cash Assistance or One-Shot Deals

Applicants for "E" HEAP who fail to comply with a HEAP eligibility requirement are considered to have failed to apply for a benefit or resource and will be ineligible to receive an emergency CA grant to meet the same need.

If HEAP denies the application based on the HEAP applicant's refusal to select a participating vendor, the applicant will also be ineligible for an emergency fuel delivery through the Emergency Assistance to Adults (EAA) or Emergency Assistance to Needy Families with Children (EAF) programs, because he/she has refused to utilize an available HEAP benefit to reduce his/her need for an emergency CA grant.

When the applicant's request for an EAA/EAF grant is denied due to his/her refusal to choose a participating vendor, the JOS/Worker must use Rejection Code **Y95** (Application for Emergency Assistance Only), and the Notice of Decision on Assistance to Meet an Immediate Need or Special Allowance (For Applicants Only) (Form **W-145HH**) must be mailed to the applicant to notify him/her that the request has been denied.

HEAP will inform the Utility Liaison of all decisions for applicants/participants referred by a Job Center.

Heat-related Utility Shutoffs

Individuals may be eligible for more than one Emergency HEAP benefit.

When an individual informs the Job Center of a utility shutoff that affects the CA household's ability to provide heat or operate heating equipment (e.g., an oil furnace that runs on gas or electricity), the JOS/Worker must refer the case to the Utility Liaison via Form **M-858m**. Before the JOS/Worker considers any CA participant who pays separately for heat for a recoupable emergency heating or utility shutoff grant (code **41**), the case must be evaluated for HEAP eligibility. The Utility Liaison will verify HEAP eligibility.

If a vendor has issued a shutoff notice or if the HEAP payment has not yet been processed, the Utility Liaison must contact HEAP Central. For those Utility Liaisons with HEAP access codes, check the HEAP system to see if a HEAP application is pending or has been processed.

All "E" HEAP payments for heat-related utility shutoffs and "no heat" emergencies must be handled by HEAP.

Staff must evaluate the participant's eligibility for the nonrecoupable Special Grant (code **50**) prior to considering a recoupable allowance.

If HEAP and "E" HEAP benefits have been exhausted, the individual may be eligible for a nonrecoupable Special Grant (code **50**) or a recoupable Special Grant (code **41**).

For CA heating households with gas and electric needs who have exhausted their HEAP and "E" HEAP benefits, refer to [PD #07-14-ELI](#).

Heating Equipment

Boiler and Furnace Repair	<p>If the applicant/participant owns heating equipment and the heating equipment is unsafe or inoperable, he/she may access emergency benefits for repair more than once in the program year. However, the cumulative total of benefits authorized for repair may not exceed \$3,000 in the program year without approval from the New York State Office of Temporary and Disability Assistance (OTDA). In this instance HEAP is responsible for contacting OTDA.</p> <p>For approval of an “E” HEAP grant for repairs, the applicant/participant must provide two estimates for the proposed repair work. The estimate must state what is wrong with the boiler/furnace, itemize the necessary repairs, itemize the cost, and indicate the warranty for parts and labor.</p>
Boiler and Furnace Replacement	<p>If the applicant/participant owns the heating equipment and it is beyond repair, he/she may be considered for an emergency boiler/furnace replacement. If a boiler/furnace replacement is warranted, two different vendors must provide estimates detailing the problem with the boiler/furnace and affirming that it is beyond repair.</p> <p>These estimates must include the itemized cost and warranty for a replacement.</p>
Criteria for emergency boiler/furnace repair or replacement	<p>To qualify for an emergency boiler/furnace repair or replacement, the applicant/participant who applies for “E” HEAP must meet all of the following criteria:</p> <ul style="list-style-type: none"> • Own and reside in a one- or two-family house. • Be applying for repair/replacement of the heating equipment that provides the primary heat for the household. • Meet HEAP income eligibility criteria (refer all HEAP-eligible applicants/participants to the Utility Liaison to initiate a HEAP application; the Utility Liaison must contact HEAP). • Own the heating equipment for which the “E” HEAP grant is being requested. • Have no liquid resources in excess of \$3,000 per household.

If a CA applicant/participant meets the above criteria, the JOS/Worker must have the Utility Liaison call HEAP Central to initiate the HEAP application. The Utility Liaison will then fax all required documentation (including two estimates for the proposed replacement) to HEAP. All “E” HEAP payments must be authorized and issued by HEAP. HRA HEAP is the only New York City agency authorized to approve a vendor and payment for HEAP boiler repair or replacement under the HEAP program.

Refer to [PD #07-14-ELI](#) for more information on the Utility Process.

The Utility Liaison is responsible for:

- obtaining a breakdown of utility arrears.
- determining whether an applicant/participant should be referred to HEAP.
- completing Form **M-858m**, including the “Utility Liaison Recommendation” section of the form, and calling HEAP Central at **(212) 227-2696** for verification of HEAP information (calls are accepted from the Utility Liaison only).

Assessment for Emergency Assistance

If an applicant/participant is ineligible for HEAP or has exhausted the “E” HEAP grant and has another shutoff, the Utility Liaison will assess his/her eligibility for a payment under the Emergency Assistance to Adults (EAA)/Emergency Assistance to Families (EAF)/Emergency Safety Net (ESN) programs.

Weatherization

Weatherization enables low-income families to permanently reduce their energy bills by making their homes more energy efficient. Applicants/participants who need weatherization referral services should be advised to call the Division of Housing and Community Renewal at **(866) 275-3427**.

Homebound Applicants/Participants

Heat-Line, which functions as the homebound unit for HEAP, may forward completed CA applications to Job Centers from Non Cash Assistance (NCA) homebound families who have already received “E” HEAP payments from HEAP and now have another utility emergency. Emergency assistance to this at-risk group should not be delayed. Heat-Line’s telephone number, **(212) 331-3150**, must be provided to homebound applicants/participants who contact the Center directly.

PROGRAM IMPLICATIONS

Paperless Office System (POS) Implications

In order for the fuel allowance to generate in the CA budget through POS, users must:

- click “Yes” in the Shelter (Housing) Expenses window for the question: Do You (Or Anyone Who Lives With You) Have A Heat Bill Separate From Your Rent Or Shelter Expense? Once “Yes” is clicked, a “Response to Question” drop-down window will appear:

The screenshot shows a dialog box titled "Response to Question". It contains several sections of input fields:

- Fuel Type:** A dropdown menu.
- Name On Bill:** A text input field.
- Other:** A text input field.
- Relation to Case Head:** A dropdown menu.
- Verified Fuel Type and Name:** Radio buttons for "Yes" and "No".
- Fuel on Budget:** Radio buttons for "Yes" and "No".
- Service is:** Radio buttons for "On" and "Off".
- Service End Date:** A date input field with "00/00/0000" as the default value.
- Arrears / Pending Shut Off / Less than 7 Day Supply of Fuel:** Radio buttons for "Yes" and "No".
- Amount:** A text input field.
- Freq:** A dropdown menu.
- Account Number:** A text input field.
- Company Name:** A text input field.
- Company Address:** A text input field.
- Company Phone:** A text input field.
- Fuel Restriction Type:** A dropdown menu.
- Restriction Name:** A text input field.
- Restriction Address:** A text input field.
- Vendor City:** A text input field.
- Vendor State:** A dropdown menu.
- Vendor Zip Code:** A text input field.
- New Vendor:** A checkbox.
- Participating Vendor?:** Radio buttons for "Yes" and "No".
- Contract with company?:** Radio buttons for "Yes" and "No".
- Expires:** A date input field with "00/00/0000" as the default value.
- Document...:** A text input field.
- Scan:** A text input field.
- Comment:** A text input field.

At the bottom of the dialog are "OK" and "Cancel" buttons.

- ensure that all information in the drop-down window is entered regarding the fuel type, account number, and company’s name and address, and click on the OK button.

Food Stamp Implications

FS applicants/participants who receive a regular and/or “E” HEAP grant are automatically eligible to receive a Level I Standard Utility Allowance (SUA).

A \$1.00 Regular HEAP benefit will be provided for FS participants residing in subsidized housing with Shelter Type Code **02, 38, or 40**; and for those residing in a congregate care facility or group home with Shelter Type Code **10, 12, 13, 15, 16, 17, or 42**; and NYSNIP cases with Shelter Type Code **96 or 97**.

Medicaid Implications

There are no Medicaid implications.

LIMITED ENGLISH SPEAKING ABILITY (LESA) IMPLICATIONS

For Limited English Speaking Ability (LESA) and hearing-impaired applicants/participants, make sure to obtain appropriate interpreter services in accordance with [PD #08-20-OPE](#) and [PD #09-14-OPE](#).

**FAIR HEARING
IMPLICATIONS**

Individuals who request an “E” HEAP payment are entitled to a Fair Hearing. Upon receipt of a Fair Hearing Request form (**OAH-1891**) from OTDA regarding the individual’s request for an “E” HEAP payment, the Fair Hearing and Conference (FH&C) Supervisor I/ Associate Job Opportunity Specialist I (AJOS I) will place Form **OAH-1891** in an Individual Record of Fair Hearing Activity folder (**W-98A**). HEAP Central prepares the packet and represents the Agency at Fair Hearings.
