### Hours of Operation

DSNAP applications will be accepted at 495 Clermont Avenue in Brooklyn from December 12 – 18, 2012, from 8:30 am – 6 pm.

The DSNAP location in Staten Island will operate from 4 pm – 8 pm on week days and 9am – 5 pm on the weekend.

The alphabet criteria will not be used at the Staten Island location.

New Dorp High School at 465 New Dorp Lane, Staten Island, NY 10306 will collect DSNAP applications from December 14 – 17, 2012. The hours of operation will be from 4pm – 8pm on Friday, December 14 and Monday, December 17, 2012, and 9 am – 5 pm on Saturday December 15 and Sunday December 16, 2012.

Households with last names beginning with letters **A** through **M** can apply at the Brooklyn location on the first day (December 12, 2012) and households with last names beginning with letters **N** through **Z** can apply at the Brooklyn location on the second day (December 13, 2012). Thereafter, households can apply on any of the remaining days at either location.

### DSNAP SUPPLEMENT FOR CURRENT SNAP HOUSEHOLDS

For households in the designated zip codes that are currently in receipt of SNAP, OTDA issued a supplement of their November SNAP benefit if their regular November SNAP benefit was less than the maximum benefit amount for their household size. These households do not have to apply for the DSNAP program to receive this one time supplement.

**Note:** Ineligible aliens, persons with sanctions and students can apply for DSNAP even if they are members of a household currently in receipt of SNAP because the SNAP supplement will not include them.

If the household's November benefit was equal to the maximum benefit allowed for the family size, a supplement was not issued and the household is not eligible for DSNAP.

For example, if a household of two received \$200 per month in SNAP benefits and the maximum allotment for that household size is \$367; the household received a supplement of \$167 to bring them up to the maximum benefit. If the household is already receiving the maximum benefit for their household size, a supplement was not issued.

The household's income and expenses for any time before October 27, 2012 and after November 25, 2012 is not relevant.

The “**disaster benefit period**” for DSNAP is the thirty day period beginning on either the date of the disaster or the date that preparations (such as mandatory evacuations) began for the disaster. For this DSNAP, the **disaster benefit period** is from October 27, 2012 through November 25, 2012. Therefore, the household must provide proof of income and resources and paid disaster related expenses that were unreimbursed during this time period.

### DSNAP Eligibility Criteria

A household must meet the following criteria to be determined eligible for DSNAP:

#### Basic Eligibility Criteria

- Must have lived in a designated DSNAP area at the time of the disaster. For this DSNAP it is October 27, 2012
  - If a homeless individual claims that he/she resided in a designated disaster area on October 27, 2012, he/she must verify that he/she was known to be homeless in the area.
- Must have experienced an adverse effect due to the disaster. The household must have experienced at least one of the following adverse affects:
  - A loss of income - includes reduction or termination of income, or a delay in receipt of income during the benefit period due to the disaster.
  - No access to liquid resources (banks and ATM's were not available). Note that this is an infrequent occurrence, as households can usually access their resources via online banking or ATMs even if bank branches are closed in the affected area.
  - Unreimbursable disaster related expenses
    - Disaster related expenses are expenses the household has paid out of pocket during the disaster benefit period (October 27, 2012 – November 25, 2012).
    - This can include damage to or destruction of the household's home or self-employment business.
    - Examples of disaster related expenses are:
      - Home or business repairs
      - Temporary shelter expenses
      - Evacuation expenses
      - Medical expenses due to personal injury
      - Disaster-related funeral expenses
      - Disaster-related pet boarding fees
      - Expenses related to replacing necessary personal and household items, such as clothing, appliances, tools, and educational materials
      - Fuel for primary heating source
      - Clean-up items expense
      - Disaster-damaged vehicle expenses
      - Storage expenses
    - The cost of replacing food cannot be used as a disaster related expense, but restaurant expenses can be included as a disaster related expense.

## Financial Eligibility

Take home pay includes automatic deposits into savings and checking accounts that are readily accessible.

- Must have purchased food during the DSNAP benefit period

Once the above criteria are met, the household must meet the following financial criteria:

- Must have net income at or below the DSNAP income limits (See **Attachment A**)
  - Unlike regular SNAP which includes separate tests for income and resources, for DSNAP net income (take home pay) and liquid resources (cash on hand, savings and checking accounts) are added together as part of the eligibility calculation.
  - DSNAP allows households to deduct certain unreimbursed expenses from their combined net income and available resources.
  - To determine the household's income for DSNAP eligibility, use the household's net income (take-home pay) received during the benefit period **plus** its accessible liquid resources. Evaluate the amount of disaster-related expenses (unreimbursed disaster related expenses paid out of pocket during the disaster benefit period) to determine the method for calculating the household's DSNAP financial eligibility and compare income to income limits on **Attachment A**.
    - If the unreimbursed disaster related expenses are equal to or greater than \$100, compare the net income (income plus available resources) to the amount in column **B** on **Attachment A**.
    - If the household has disaster related expenses greater than \$100 but income and available resources higher than the income limits in column **B** and the disaster related expenses exceed the amount in **Column C**, then determine eligibility by using the household's income plus resources minus the actual disaster related expense and compare the result to the income limits in column **D**.

For example, a household of one has more than \$100 in disaster related expenses, but its available income plus available resources for the disaster period is \$3000. Based on the disaster income limits in column **B** the household would not be eligible for DSNAP.

If the household has more than \$719 in unreimbursed disaster related expenses, the household could potentially be eligible for DSNAP based on the Disaster Gross Income Limits shown in column **D**, if the income and resources minus the unreimbursed disaster related expenses are less than the income limits in column **D**.

- If the unreimbursed disaster related expenses are less than \$100, compare the result of net income plus available resources minus unreimbursed disaster related expenses (actual expenses not the standard deduction) to the amount in column **D** on **Attachment A**.
- If the income and resources are greater than the income limits in column **B** or **D** for the applicant's household size, the household is not financially eligible for DSNAP.

### Verification Rules

DSNAP differs from regular SNAP. For regular SNAP, eligibility is contingent on what the applicant can verify. For DSNAP, once identity has been verified, the information on the application is considered to be accurate and correct unless the available verification or subsequent matches call it into question.

Verification rules are relaxed during the disaster to reduce administrative burden and because the household might not have access to usual verification sources. For DSNAP, verification rules are three tiered:

- Identity must be verified
  - Residency and household composition should be verified where possible
  - Loss of or inaccessibility of income or liquid resources should be verified if questionable
- 

### REQUIRED ACTION

#### Triage

The Triage staff will be responsible for:

- Verifying the applicant's identity and residency
- Responding to basic questions applicants may have about the eligible areas or whether they can apply (ex: if the household is already in receipt of SNAP benefits, there is no need for them to submit a DSNAP application.)
- Ensuring that only the applicants that reside in one of the designated zip codes is given an application for DSNAP.
- Giving the applicants who received a DSNAP application packet a Purple ticket to the Application Area.
- Routing people with disabilities and senior citizens and people in need of interpreter services to the first floor Application Area.

**Note:** There will be on-site interpreters to assist Limited English Proficiency (LEP) applicants as well as language line availability for those applicants with language needs when there are no on-site interpreters.

While the applicants are waiting on line and before they are permitted to go to the Application Area, designated staff will ask the applicants the following questions:

- Do you have verification of your identity? If not, they should be told that they can either leave and come back with verification or that they can apply but that they will be denied immediately.
- Did your household live in one of the targeted zip codes or did you live there up until the storm hit? To be eligible for DSNAP the applicant must have resided in one of the designated areas on October 27, 2012. **If they did not, they are not eligible to apply.** If they did, ask if they have verification of their residence.
- Does everyone in your household currently receive SNAP benefits? **Households currently in receipt of SNAP benefits do not have to apply and are not eligible to apply for DSNAP.** For current SNAP households living in the targeted areas, OTDA supplemented the November SNAP benefit up to the maximum benefit allowed for the household size, if the household got less than the maximum allotment.
  - Household members not on the SNAP case, and sanctioned members of the household, including those with Intentional Program Violations (IPV), must apply for DSNAP as a separate case.

The designated Triage Worker should also inform the applicant that they may be asked to show proof of their income and disaster-related expenses during the disaster period.

Does not reside in the designated area or currently active for SNAP

If the applicant does not reside in one of the designated areas, or if everyone in his/her household is currently receiving SNAP benefits advise the applicant that he/she is not eligible for DSNAP. Do not give them a ticket to the application area.

Resides in the designated area and has ID

If the applicant has verification of identity and residency, give the applicant an application packet (that includes the Application for Disaster Supplemental Nutrition Assistance Program (SNAP) (**LDSS-4988** [Rev 11/12]), the Disaster Supplemental Nutrition Assistance Program [DSNAP] Information form (**FIA-1090**) and the Questions and Answers on Disaster Supplemental Nutrition Assistance Program (DSNAP) [**FIA-1088d**]) and a purple ticket to go to the Application Area where he/she will complete the DSNAP application and the **FIA-1090**.

Resides in the designated area but does not have ID

If the applicant does not have verification of identity or residency but maintains that he/she resides in one of the designated areas, give the applicant an application packet (as indicated above) and a purple ticket to the application area where he/she will complete the DSNAP application package.

### **Application Area (Purple Ticket Area)**

The Application Area will be managed by Quadrant Captains. The Quadrant Captains are responsible for:

- Ensuring that applicants receive the DSNAP applications and ancillary forms.
- Ensuring that non English speaking applicants receive the appropriate assistance either through an on site interpreter or through the language line. If interpreter services are needed give the client a Yellow ticket to the LEP section.
- Reviewing the completed DSNAP application and the **FIA-1090** for completeness
- Conducting a pre-screening interview to determine if the application is completely filled out and all available documents have been presented. If the application is not completely filled out, advise the applicant to fill in the missing information.
- Verifying the applicant's identity, residence and unreimbursed disaster related expenses
- Putting the applicant's documents in a folder for copying
- Determining whether or not the applicant should be referred to Investigation, Revenue and Enforcement Administration (IREA) section, and making referrals to IREA as required
- Routing completed applications, not referred to IREA, to the Registration Area
- Keeping a tally of all applicants referred to IREA and all applications routed to the Registration Area. Use the Quadrant Captain Tally Sheet to report the total applications referred to registration and the total number of applicants referred to IREA.

The need for interpreter services should have been noted in Triage, but if it was not refer the applicant to the Interpreter section.

POS will do the final calculation as indicated in the Eligibility Determination section of this procedure.

Runners are used to make copies and escort applicants to different areas.

Upon completion of the **LDSS-4988** and the **FIA-1090** the Quadrant Captain will screen the application and the **FIA-1090** along with any documentation the applicant wishes to submit for completeness and determine if a second review is needed by IREA.

If the application, **FIA-1090**, or the applicant verbally indicates that he/she:

### Identifying Questionable Applications

- is employed by HRA or OTDA,
- is homeless without a mailing address,
- does not have a valid photo identification,
- submits a signed affidavit in lieu of photo identification,
- does not have proof of residence,
- has seven (7) or more members in his/her household,
- is an authorized representative for ten (10) or more households
- has no verifiable income and no other household members have income,
- submits a verification letter that appears on its face to be suspicious (e.g. documents seem similar to documents submitted by another applicant indicating a possible forgery)

The Quadrant Captain should then:

- give the applicant the original copies of his/her documents back along with an Orange ticket to the IREA section and
- annotate the DSNAP Referral to IREA (**IREA-110**), indicating the reason for the referral, and attach it to the case folder. The case folder will be routed to the IREA section.

The applicant should then be directed to the IREA section for a second review.

IREA staff can follow the instructions beginning on page 10 to register the application and conduct the interview in POS

IREA staff will be responsible for making copies of the documents, registering the application and completing the interview and eligibility determinations in POS and giving the applicant an Action Taken On Your Disaster Supplemental Nutrition Assistance Program (SNAP) Case (**LDSS-4989**).

If the application and employment form is completed properly and there is no questionable information, or the applicant is not in one of the above categories, the Quadrant Captain must:

- Sign the Receipt for Disaster Supplemental Nutrition Assistance Program (DSNAP) Application form (**FIA-1088b**) and give it along with the documents to the Runner to make copies.
- When the Runner returns, put the application and copies of the documents including the signed copy of the **FIA-1088b** in a DSNAP case folder

- Give the applicant his/her original documents and the original signed **FIA-1088b** and the Supplemental Nutrition Assistance Program (SNAP) Income Guidelines (**W-138Q**). The **W-138Q** provides information to the DSNAP applicant about the SNAP program and how to apply.
- Advise the applicant that he/she will receive a decision notice in the mail.

The Quadrant Captain will forward the DSNAP folder to the Registration Area.

The Quadrant Captain will note on the Tally Sheet the number of applicants referred to IREA and the number of applications routed to the Registration Area. The Tally Sheet will be collected daily.

### **Registration Area**

Applications collected in Staten Island will be registered and processed in Brooklyn

Applications collected at the Staten Island DSNAP location must be delivered to the Brooklyn DSNAP Registration Area on a daily basis for registration and eligibility determination.

The Registration Area will include Supervisory staff as well as Registration Clerks.

The Registration Supervisor is responsible for:

- Tallying all applications submitted for registration on a daily basis.
  - There must be separate tally sheets for applications collected in Staten Island and applications collected in Brooklyn
  - The daily tally sheet for Staten Island will be used to confirm all applications reported by Staten Island for back office processing. Use the Registration Supervisor Tally Sheet to record the number of applications received and the number of applications routed to the Eligibility Determination area.
- Distributing the work to the Data Entry staff.
- Forwarding completed registrations to the IREA Clearance staff for TALX and SOLQ look ups.

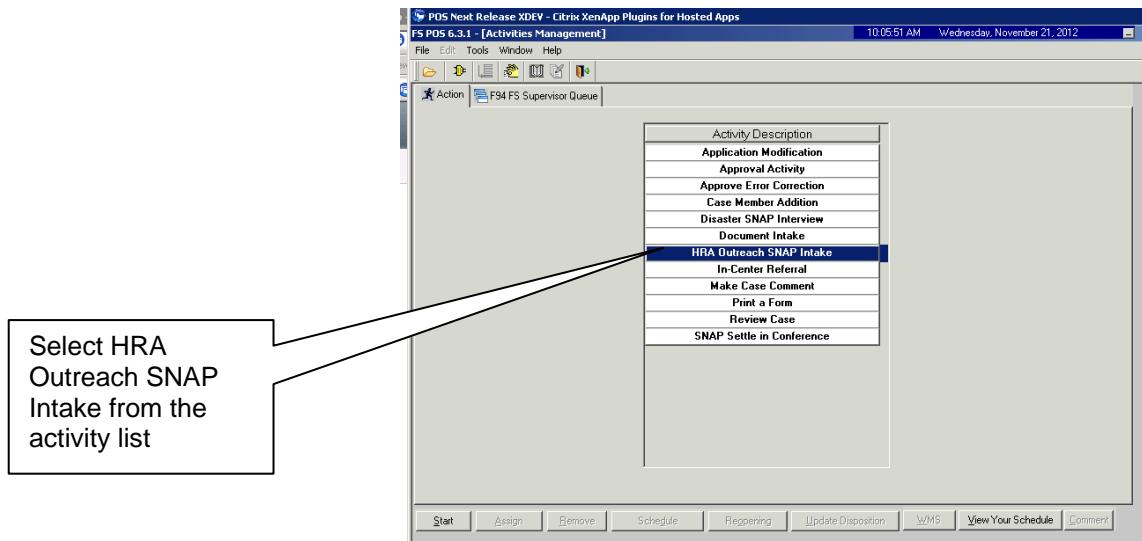

The Data Entry Staff will be responsible for registering the cases in POS with the following office designations:

- **F94** – applications collected in Brooklyn
- **F95** – applications collected in Staten Island

### **Registration Clerk**

#### Case Number Re-Use

- Review the clearance results and select the CIN in accordance with the CIN Hierarchy process, **EXCEPT** in the following situation:
  - If the person is not a U.S Citizen but is known to WMS as a payee for an active CA/SNAP or NCA SNAP case, do not select the CIN associated with the line on the active case. If the CIN score is 101 or greater do an application modification to change the DOB to **10272012** and run a new clearance. The new clearance should present a CIN score less than 101 then select a new CIN. A known CIN for a non citizen should not be selected.

- If the applicant is known to an inactive case number and he/she was the payee or case head of the inactive case, select the case number to re-use. If the case number cannot be reused because the applicant was not the case head or payee of the inactive case then click on the **“disregard all matches, use a new case number”** check box then click **Next**. The State-wide Clearance window will appear.

**Note:** individuals in SN status on an active case or noncitizens acting as Payees on an active case must get a new case number.

#### State-wide Clearance

- If there is a match, follow the instructions outlined in **PD #12-28-ELI**. Click **Next** and the **DSNAP** windows will appear.

POS will determine the appropriate income guidelines to apply based on the amount of unreimbursed disaster related expenses entered.

- Enter the amounts for Income, Resources and Disaster Related Expenses in the appropriate boxes. Click **Next** to go to the 2<sup>nd</sup> **DSNAP** window.

**INSTRUCTIONS:** Please indicate whether the individual is a U.S. citizen/national or is a SNAP eligible non-citizen (such as a Lawful Permanent Resident with 5 years in status or Refugee). ## Questions and Answers on Disaster Supplemental Nutrition Assistance Program (DSNAP)

### What is DSNAP?

DSNAP (Disaster Supplemental Nutrition Assistance Program) provides temporary food assistance to affected households in the aftermath of a natural disaster. Individuals and families can receive a one-time payment if they lived in the identified disaster area, and meet certain other eligibility requirements. The state makes a request for DSNAP to the USDA only after the federal government declares a "major disaster" in an affected area.

### Who is eligible for DSNAP?

- People currently **NOT** in receipt of SNAP.
- To be eligible for a DSNAP benefit the applicant must have lived in one of the ten zip codes or two partial zip codes on October 27, 2012:
  - **Coney Island, Brooklyn:** Zip Codes 11224 and 11235
  - **Red Hook, Brooklyn:** Zip Code 11231
  - **Gerritsen Beach South of Allen Avenue, Brooklyn:** Partial area of Zip Code 11229
  - **Lower East Side, Manhattan:** Zip Code 10002
  - **Staten Island:** Southeast shore - Zip code 10306, and North Midland Beach South of Seaview Avenue - Partial area of Zip Code 10305
  - **The Rockaways, Queens:** Zip Codes 11691, 11692, 11693, 11694, and 11697
- The applicant must have incurred and paid for disaster related expenses from October 27, 2012 to November 25, 2012.
- Replacement of food lost cannot be counted as a disaster related expense.
- To receive benefits, applicants must prove their identity and have lived in one of the affected zip codes on October 27, 2012. They should also provide any relevant documentation regarding income, resources, and family composition, from October 27, 2012 to November 25, 2012. This information will be reviewed and independently verified.

### If a household already receives SNAP benefits can they also receive DSNAP?

People who receive recurring SNAP benefits and resided in the ten zip codes and two partial zip codes on October 27, 2012, will automatically receive DSNAP if the benefit amount received for November 2012 was less than the maximum amount allowed for their household size. Current SNAP recipients should not come in to apply and will be turned away if they do. Current SNAP households who received the maximum SNAP benefit for the month of November will not receive a supplement.

### What if someone lost a lot of food?

Food loss alone does not qualify a household for DSNAP. Applicants may only be considered eligible for DSNAP if they sustained damage to a home or self-employment business, lived in these hardest hit areas on October 27, 2012, and had storm-related expenses or loss of income, which must be disclosed.

### What if an applicant doesn't want to, or cannot, disclose certain information on the DSNAP application?

When applying for DSNAP, applicants must be honest about their personal information. Applicants must have been living in the affected area as of October 27, 2012, and must report their income and resources accurately. Making false statements on an application for government benefits like DSNAP constitutes welfare fraud – a felony.

## Questions and Answers on Disaster Supplemental Nutrition Assistance Program (DSNAP) (Continued)

### What is the process to apply for DSNAP?

After you pass through triage where we will determine if you have proof of identity and also lived in one of the selected zip codes, you will be directed to another area to fill out your DSNAP application and the Disaster Supplemental Nutrition Assistance Program (DSNAP) Information Document. You should also be prepared to give us any documents you have brought which indicate your identity, place of residence on October 27, 2012, income, resources, Sandy related expenses and household size. We will make copies of these documents and return them to you. After you complete your application, please give it to the HRA worker responsible for the area where you are sitting. This worker will review your application for completeness and legibility and will ask you some questions to clarify any answer which is unclear. After the HRA worker has reviewed your application and everything is satisfactorily completed, you will be given a receipt acknowledging we have received your application. If there are still questions about your application, you will be interviewed by another HRA worker to determine your eligibility.

### When will I hear if I am eligible for DSNAP?

You should receive a notice in the mail telling you whether you were approved or denied for DSAP benefits within three to seven days.

### If I am approved what will happen?

If you are approved you will receive an approval notice in the mail. Also within three to seven days, you will receive your Electronic Benefit Card in a separate mailing. In a third mailing you will receive your PIN.

### What if I had an interview at the DSNAP location?

If you had an interview at the DSNAP location, you should already have received a decision notice there. If you are approved, you also will receive your Electronic Benefit Card and your PIN in separate mailings.

### What are the instructions for filling out the application?

## Preguntas y Respuestas sobre el Programa de Asistencia de Nutrición Suplementaria para Desastre (DSNAP)

### ¿Qué es DSNAP?

El Programa de Asistencia de Nutrición Suplementaria para Desastre (DSNAP) provee asistencia alimentaria temporal a las familias afectadas a raíz de un desastre natural. Las personas y familias pueden recibir un pago único si estaban residiendo en la zona identificada de desastre, y si cumplen ciertos requisitos para elegibilidad. El estado solicita DSNAP del USDA sólo después de que el gobierno federal declare un "desastre mayor" en una zona afectada.

### ¿Quién es elegible para DSNAP?

- Las personas que actualmente **NO** reciben beneficios de SNAP.
- Para ser elegible para un beneficio de DSNAP el solicitante debe haber residido el 27 de octubre, 2012, en uno de los diez códigos postales o los dos códigos postales parciales:
  - **Coney Island, Brooklyn:** códigos postales 11224 y 11235
  - **Red Hook, Brooklyn:** código postal 11231
  - **Gerritsen Beach al sur de Allen Avenue, Brooklyn:** zona parcial del código postal 11229
  - **Lower East Side, Manhattan:** código postal 10002
  - **Staten Island:** Southeast shore - código postal 10306 y North Midland Beach al sur de Seaview Avenue - zona parcial del código postal 10305
  - **The Rockaways, Queens:** códigos postales 11691, 11692, 11693, 11694, y 11697
- El solicitante debe haber incurrido en y pagado los gastos relacionados con el desastre desde el 27 de octubre, 2012, hasta el 25 de noviembre, 2012.
- El reemplazo de alimentos perdidos no se considera un gasto relacionado con el desastre.
- Para recibir beneficios, los solicitantes deben comprobar su identidad y haber residido en uno de los códigos postales afectados el 27 de octubre, 2012. También, deben proporcionar toda documentación pertinente a ingreso, recursos y composición de la familia, desde el 27 de octubre, 2012, hasta el 25 de noviembre, 2012. Esta información será revisada y verificada independientemente.

### ¿Si el hogar ya está recibiendo beneficios de SNAP puede recibir DSNAP también?

Las personas que reciben beneficios recurrentes de SNAP y que residía en uno de los diez códigos postales y dos códigos postales parciales el 27 de octubre, 2012, recibirá DSNAP automáticamente si la cantidad del beneficio recibido de noviembre, 2012, fue menos de la cantidad máxima permitida por el tamaño de su hogar. Los beneficiarios actuales de SNAP no deben venir en persona para entregar solicitud, y serán rechazados si lo hacen. Los hogares actuales de SNAP que recibieron el beneficio máximo de SNAP por el mes de noviembre no recibirán suplemento.

### ¿Qué tal si alguien perdió mucha comida?

La pérdida de comida en sí no le da derecho a DSNAP al hogar. Los solicitantes sólo se consideran elegibles para DSNAP si sufrieron daño a la casa o al negocio propio, residieron en las zonas más afectadas el 27 de octubre, 2012, e incurrieron en gastos a raíz de la tormenta o la pérdida de ingreso, toda la cual información debe ser revelada.

### ¿Qué tal si un solicitante no desea, o no puede revelar cierta información en la solicitud para DSNAP?

Al presentar solicitud para DSNAP, los solicitantes deben ser honestos en cuanto a su información personal. Los solicitantes deben haber residido en la zona afectada a partir del 27 de octubre, 2012, y deben reportar con exactitud su ingreso y sus recursos. Hacer declaraciones erróneas en una solicitud para beneficios gubernamentales como DSNAP constituye fraude del bienestar público – un delito.

## ACTION TAKEN ON YOUR DISASTER SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) CASE

NAME:	ADDRESS:	CASE NUMBER:
-------	----------	--------------

## CONFERENCE AND FAIR HEARING SECTION – DO YOU THINK WE ARE WRONG?

If you think our decision was wrong, you can ask for a review of our decision. We will correct our mistakes. You can do both 1 and 2:

1. Ask for a meeting (conference) with one of our supervisors.
  2. Ask for a State fair hearing with a State hearing officer.
1. **CONFERENCE**: (informal meeting with us) – If you think our decision was wrong, or if you do not understand our decision, please call us to set up a meeting. To get the correct way to contact us, call the phone number on the front of this notice. Sometimes this is the best way to ask for a hearing. You can also write to us at the address on the front of this notice.
2. **STATE FAIR HEARING**: You can ask for a hearing in writing, by phone, by fax or on-line.

**HOW TO ASK FOR A FAIR HEARING:** You can ask for a fair hearing in **writing**, by **phone**, by **fax** or **on-line**.

**Writing:** Send a copy of both sides of this notice *completed* to the Office of Administrative Hearings, New York State Office of Temporary and Disability Assistance, P.O. Box 1930, Albany, New York 12201. Please keep a copy for yourself.

- I want a fair hearing. I do not agree with the agency's action. (You may explain why you disagree below, but you do not have to include a written explanation.)

**WHAT TO EXPECT AT A FAIR HEARING:** The State will send you a notice that tells you when and where the fair hearing will be held.

As the hearing, you will have a chance to explain why you think our decision is wrong. You can bring a lawyer, a relative, a friend or someone else to help you do this. If you cannot come yourself, you can send someone to represent you. If you are sending someone who is not a lawyer to the hearing instead of you, you must give this person a letter to show the hearing officer that you want this person to represent you at the hearing.

At the hearing, you and your lawyer or other representative will have a chance to explain why we are wrong and a chance to give the hearing officer written papers that explain why we are wrong.

To help explain at the hearing why you think we are wrong, you should bring any witnesses who can help you. You should also bring any papers you have, such as: pay stubs, leases, receipts, bills, doctor's statements.

At the hearing, you and your lawyer or other representative can ask questions of witnesses which we bring or which you bring to help your case.

**LEGAL ASSISTANCE:** If you think you need a lawyer to help you with this problem, you may be able to get a lawyer at no cost to you by contacting your local Legal Aid Society or other legal advocate group. For the names of other lawyers, check your Yellow Pages under "Lawyers".
