I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to inform social services districts of their allocations and maintenance of effort (MOE) levels for the New York State Child Care Block Grant (NYSCCBG) subsidy program for the period April 1, 2010 through March 31, 2011. It also explains the allowable uses for these federal and State funds. The NYSCCBG appropriation for districts for the period April 1, 2010 through March 31, 2011, State fiscal year (SFY) 2010-11, is \$736,036,409.

In order to participate in the NYSCCBG subsidy program, the commissioner of the social services district must agree to comply with the program requirements of the NYSCCBG as set forth in Title 5-C of Article 6 of the Social Services Law and Title 18 of the New York State Code of Rules and Regulations (18 NYCRR) Parts 358, 404, 405, 407, 415, and 628 and other OCFS policy directives including Administrative Directives (ADMs), Local Commissioners Memorandums (LCMs), and Informational Letters (INFs). Title 5-C of Article 6, under Section 410-x (4.), requires OCFS to establish, in regulation, the applicable market-related payment rates that will establish the ceilings for State and federal reimbursement for payments made under the NYSCCBG. The amount to be paid or allowed for child care assistance funded under the NYSCCBG and under Title XX shall be the actual cost of care but no more than the applicable rate established in regulations. Local districts must pay the applicable market rate unless the actual cost of care is less, in which case, districts must pay the actual cost of care. The social services district also must agree to comply with the requirements for the federal Child Care and Development Fund (CCDF). Social services districts provide such legal assurances as part of the submittal of their Child and Family Services Plans.

II. Program Implications

ALLOCATION INFORMATION

Attachment A indicates district allocations of the NYSCCBG subsidy funds for the period beginning April 1, 2010 and ending March 31, 2011. Allocations are listed on Attachment A for two six-month periods to allow for the reporting of federal funds on a FFY basis. The allocations cover the period April 1, 2010 to September 30, 2010, the last half of FFY 2009-10, and the period October 1, 2010 to March 31, 2011, the first half of the FFY 2010-11. Local social services districts were issued their NYSCCBG allocations for the first half of the FFY 2009-10, October 1, 2009 to March 31, 2010, in 09-OCFS-LCM-05 dated May 6, 2009. Any unspent NYSCCBG funds for the period October 1, 2009 to March 31, 2010, will be carried into, and be available for, the period ending September 30, 2010. Any portion of a district's NYSCCBG allocation for the period October 1, 2009 through September 30, 2010, including any Temporary Assistance to Needy Families (TANF) funds transferred from a district's SFY 2010-11 Flexible Fund for Family Services (FFFS) allocation for the period April 1, 2010 to September 30, 2010, that is not claimed by the district by March 31, 2011, will be available to the district through the end of the FFY 2010-11, which is September 30, 2011. Claims for the period October 1, 2009 through September 30, 2010 cannot be rolled forward into the next FFY.

The allocation methodology for SFY 2010-11 reflects a balance of prior and current levels of expenditures and responds to a district's spend down of the amount of rollover of funds from the previous year. The SFY 2010-11 allocation methodology uses the SFY 2007-08 district allocations (\$713.2 million) as a base. A district that had its SFY 2009-10 allocation reduced due to high rollover in FFY 2007-08 and has reduced its rollover in FFY 2008-09 to less than 15 percent of its SFY 2009-10 allocation will have that rollover reduction added back in SFY 2010-11. Adjustments and redistributions are made based on a district's three-year spending pattern. Rollover is taken into account for districts who meet either of the following two criteria:

- If a district's rollover from FFY 2008-09 into FFY 2009-10 is greater than the annual average of that district's last three years of claims, then that district's allocation is reduced to \$0.
- If a district's FFY 2008-09 rollover is higher than its FFY 2007-08 rollover AND the FFY 2008-09 rollover is at least 15% of the district's FFY 2008-09 claims, then that district's preliminary allocation is reduced by an amount equal to 40% of that rollover.

This allocation adjustment continues to reflect the guiding principle that the intent of the NYSCCBG allocations is to provide child care subsidies during the allotted state fiscal year, and should be used accordingly.

While the NYSCCBG allocation is the primary resource available to districts in meeting their child care subsidy needs for low-income families and individuals on public assistance, some districts also have been allocated a portion of ARRA funds for child care assistance. On July 1, 2010, local social services districts were informed of the second allocation of American Recovery and Reinvestment Act of 2009 in 10-OCFS-LCM-03 New York State Child Care Block Grant Supplementary American Recovery and Reinvestment Act Allocations (ARRA) for the period October 1, 2009 through March 31, 2011.

In addition, all local districts have the ability to transfer additional funds from the FFFS into the NYSCCBG. Under the FFFS, \$960 million of New York State's \$2.44 billion TANF annual grant award will be allocated to local social services districts for TANF-eligible programs. Consistent with federal rules, a statewide total of 30 percent of the State's total TANF funds may be transferred to the CCDF and/or to the Title XX Social Services Block Grant, with an upward statewide limit of 10 percent for the Title XX transfer. Under the SFY 2010-11 Enacted Budget, a district may transfer up to 33 percent of its FFFS allocation to the NYSCCBG and Title XX combined, with up to 25 percent of its FFFS allocation going to Title XX. Any FFFS funding a district chooses to use for child care must be transferred to the NYSCCBG and not claimed as a direct charge to TANF funding. In addition, local share requirements for child care subsidies paid on behalf of public assistance recipients and the local MOE are unchanged.

Each social services district may expend, for administrative activities, no more than five percent of its NYSCCBG allocation, including any funds transferred from FFFS. Administrative activities do not include the costs of providing direct services such as eligibility determinations and re-determinations; preparation and participation in judicial hearings; child care placements; the recruitment, licensing, inspection, review and supervision of child care placements; rate setting for contract development; resource and referral services; training; or the establishment and maintenance of computerized child care information systems.

A district, at its option, may make payments for eligible families for transportation to and from a child care provider. A district will be reimbursed for transportation expenses charged by a child care provider that are separate and apart from the regular rate charged by the provider. Also, the district may make arrangements using other providers of transportation services. Expenditures for transportation are reimbursed as a program cost under the district's NYSCCBG allocation if the provision of transportation services is included in the district's Child and Family Services Plan.

ELIGIBLE FAMILIES

There are three broad categories of families eligible for child care services under the NYSCCBG when such care is not otherwise available from the caretaker(s) of the child in need of services. Eligible families are defined in 18 NYCRR Section 415.2. Social services districts are required to include this information in the districts' Child and Family Services Plans, including those families that the districts have chosen to serve and prioritize under the second and third categories listed below.

The first category is families that are eligible for a child care guarantee.

The second category is families that are eligible if funds are available. This category includes such families as low-income working families and teen parents who are completing high school.

The third category is families that are eligible if funds are available and if the district includes them as eligible families in the child care section of the Child and Family Services Plan.

PARENTAL CHOICE

Social services districts must inform parents or caretakers requesting NYSCCBG services that they may:

- choose to have care provided by one of the child day care providers with whom the social services district has contracted for the provision of child care services; or
- request a child care certificate which enables the parents or caretakers to select from a full range of child care arrangements including care by regulated child care providers and providers of legally exempt child care.

The child's parents or caretakers must be given discretion in selecting or arranging for the purchase of child care services from any eligible provider. The case record should document that parents or caretakers have been apprised of the full range of providers eligible for payment and of their right to elect to use a child care certificate. Social services districts must allow parents to select, and must have a method to pay, any and all legal providers with whom they do not contract. A contract may not be made a condition of receiving payment from NYSCCBG funds.

REIMBURSEMENT

Claims for expenditures for child care services for families receiving public assistance will be reimbursed at 75 percent with NYSCCBG funds up to the district's NYSCCBG allocation ceiling. Claims for expenditures for child care for all other eligible families will be reimbursed at 100

percent NYSCCBG funds, as long as the district's MOE is met, up to the district's NYSCCBG allocation ceiling.

MAINTENANCE OF EFFORT

Social services districts must maintain local spending for child care services at a level established by OCFS in accordance with State statute. The MOE for each social services district is listed in Attachment B. Note that the MOE has not changed from the previous year.

The MOE was calculated by totaling the local district share of expenditures in FFY 1994-95 for child care services claimed under the following categories: State Low Income Day Care program and administrative costs, Transitional Child Care, At-Risk Low Income Child Care, Child Care and Development Block Grant, Emergency Assistance to Families, JOBS-related child care and employment-related child care. In addition, the MOE for those social services districts participating in the Child Assistance Program (CAP) was adjusted to reflect the district share for FFY 1996-97 CAP child care expenditures included in their NYSCCBG allocations.

Each social services district must meet its MOE level in cash in FFY 2009-10 and in each subsequent FFY. The MOE is met by the 25 percent local share of claims for expenditures for public assistance recipients as reported on Schedule H "Non-Title XX Services for Recipients" and any other non-Title XX expenditures that are allowable but not reimbursed under the district's NYSCCBG allocation. Claims submitted under NYSCCBG will be processed to ensure that the district's MOE requirement is met. Claims for administrative costs exceeding the five percent administrative cap will not count toward meeting the MOE and will not be eligible for federal and State reimbursement.

SYSTEMS INFORMATION

Procedures for the authorization of payment for child care services in the Welfare Management System (WMS) are as follows:

For child care payments for eligible families applying for or receiving public assistance, districts can continue to use the DSS-3209 IM/WMS Authorization for child care payments for eligible families applying for, or receiving, public assistance. Districts may, at their option, utilize the DSS-2970 WMS Services Authorization to authorize payment for child care for public assistance families. Purchase of Service Type Suffix Code (Data Element #23021) value "S-Block Grant DC 75%" designates child care services funded under the NYSCCBG for public assistance applicants/recipients and reimbursed at 75 percent federal and State share up to the district's allocation ceiling.

Districts have the option to authorize payments for child care for NYSCCBG-eligible families not in receipt of public assistance on the DSS-3209 for Food Stamps and Medical Assistance only cases.

For all other eligible families, districts must authorize payment in WMS/Services by using Purchase

of Service Type Suffix Code value "R-Block Grant DC 100%" on the DSS-2970 WMS Services Authorization, which designates child care services funded under NYSCCBG for non-public assistance families and reimbursed at 100 percent federal and State share up to the district's allocation ceiling.

In circumstances of an adult-only public assistance case in which the children are not included in the public assistance filing unit, child care payment is authorized as a public assistance family and reimbursed at 75 percent federal and State share. For cases in which children are in receipt of public assistance but the caretaker is not included in the public assistance filing unit, child care is authorized in WMS Services and reimbursed at 100 percent federal and State share up to the district's allocation ceiling.

WMS Services continues to support the monitoring of the issuance and return of child care certificates. Instructions for the child care certificate are included in 92 LCM-138 and in the BICS Operations Manual, page A-82, BICS Production Request 32, Request for Self-Selected Day Care Certs, in the addition dated April 1, 1993. Information is also provided in the BICS Services Payment Processing Manual, Chapter 2, Authorizations, Self-Selected Day Care Certificates.

CLAIMING INSTRUCTIONS

NYSCCBG expenditures for child care subsidies for families receiving public assistance are claimed on Schedule H Non-Title XX Services for Recipients (LDSS-4283), line 2 (Day Care Services for Children), column 13 (Day Care Block Grant 75 percent). NYSCCBG program expenditures for child care subsidies for all other eligible families are claimed on Schedule H, line 2, column 12 (Day Care Block Grant 100 percent). Please refer to the Fiscal Reference Manual, Volume 2, Chapter 3 for detailed instructions for completing the Schedule H (<http://otda.state.nyenet/bfdm/finance/docs/Vol02.pdf>).

NYSCCBG child counts and expenditures also must be reported on the Schedule G-2 Summary of All Payments for Day Care (LDSS-2109EL). Expenditures made under the services types allowed must be reported on the Schedule G-2, via the Automated Claiming System. The BICS Schedule G-2 report provides the information needed to file the report. Please refer to the Fiscal Reference Manual, Volume 2, Chapter 3 for Schedule G-2 instructions: (<http://otda.state.nyenet/bfdm/finance/docs/Vol02.pdf>).

Administrative expenditures for the NYSCCBG are claimed in accordance with the Services RMS as Child Care Block Grant costs on line 6, section 1A (associated A-87 costs are claimed on line 4, section 2) of the Schedule D-2, Allocation for Claiming General Services Administration Expenditures (LDSS-2347B). Instructions for completing the Schedule D-2 are contained in Chapter 9 of Volume 3 of the Fiscal Reference Manual County Cost Allocation Plan for districts outside of New York City. For New York City, the instructions are contained in Chapter 9 of Volume 4 of the Fiscal Reference Manual (<http://otda.state.nyenet/bfdm/finance/docs/Vol02.pdf>).

Claiming instructions for district administrative expenditures related to the training of employees which are claimed on the Schedule D-6 "Reimbursement Claim For Training" (LDSS-2347-C) for

the NYSCCBG program are covered in Chapter 13 of Volume 3 of the Fiscal Reference Manual for districts outside of New York City. New York City should refer to Chapter 13 of Volume 4 of the Fiscal Reference Manual (<http://otda.state.ny.net/bfdm/finance/docs/Vol02.pdf>).
