I. PURPOSE

We are informing local districts of the amount of funds available to continue Work Incentive Program (WIN) related services to Aid to Families with Dependent Children (AFDC) recipients under the guidelines of the federal Employment Search (ES) Program for the period April 1, 1990 through September 30, 1990.

II. BACKGROUND

For the six month period prior to the implementation of the Job Opportunities and Basic Skills Training (JOBS) Program, the State Budget for 1990-1991 includes an appropriation of \$4,375,000 to continue WIN-related employment services to the AFDC population. While the authority to operate WIN-Demonstration still exists, the necessary federal WIN funds to adequately maintain this employment effort have not been authorized. New York State has included the ES Program in its Title IV-A State Plan. Having dual authority to operate both the WIN and ES Programs ensures New York State of the highest possible degree of federal financial participation in continuing WIN related services.

III. PROGRAM IMPLICATIONS

The dual operation of the WIN and ES Programs allows the Department to maintain a sufficient amount of funds to support current employment operations. The ES Program permits the Department of Labor staff to continue those activities that are essential to immediate job seeking.

IV. REQUIRED ACTION

All claims for the April 1990 - September 1990 period must be submitted no later than December 31, 1990. These costs should be claimed in accordance with the procedures for claiming ADC-WIN expenditures through the use of Schedules D-3 and G in the RF-2A claiming package.

V. SYSTEMS IMPLICATIONS

None.

VI. ADDITIONAL INFORMATION

The attachment lists the gross allocation amount to cover the period April 1, 1990 to September 30, 1990. The new six month allocation represents gross dollars and includes federal, State and local dollars.
