Transmittal No: 92 LCM-48

Date: March 13, 1992

Division: Income Maintenance

TO: Local District Commissioners

SUBJECT: Oneonta Solo Parenting Project

ATTACHMENTS: Attachment A - Job Corps Eligibility Criteria - available on-line
Attachment B - Job Corps Program Description - available on-line
Attachment C - Child Care Market Rates (Otsego County) - available on-line

The New York State Department of Social Services and the United States Department of Labor are implementing a residential training program for homeless young mothers and their children. The project, located on the Oneonta Job Corps Campus, will provide education, job training and career planning for 22 homeless AFDC mothers, ages 16-21, in a residential setting. Quality day care for their children will be provided on-site.

The Job Corps provides disadvantaged young men and women with the opportunity to complete their high school education, gain occupational skills leading to employment, and receive supportive counseling. The Solo Parenting project at Oneonta, in Otsego County, will enhance proven Job Corps Training and Counseling services with instruction in sound parenting and independent living skills.

The ingredients of successful programs which have been identified and included in this program are: a structured, stable environment; quality educational and vocational training; on-site child care; instruction in proper parenting; nutrition and life-coping skills; peer group support and supportive counseling using an individual case management approach. This comprehensive approach will assist the young homeless AFDC mother to build a better life for herself and her children. Participation in this program is voluntary.

The facility will be ready to receive students in late April, 1992. After participating in the program for 6 to 24 months, the families will be assisted in their transition to independent living. All participants completing the program are expected to obtain employment shortly after program completion.

We are asking districts to begin screening potential participants immediately. To identify AFDC homeless mothers who are eligible for referral to the Oneonta Solo Parenting Project, the LDSS should work closely with those agencies in the community which provide services to this homeless population. The criteria for selection include:

- o Homeless, single AFDC mother between the ages of 16-21
- o 1-2 dependent children who are at least 6 months of age but not yet 4 years (a limited number of slots for mothers with 2 children are available)
- o See Attachment (A) for Job Corps Eligibility Requirements

While the mothers' costs for Job Corps Training and shelter will be the responsibility of Job Corps, the costs for the children will be the responsibility of the local district which refers the family. The children's costs will include both shelter and child care.

Districts will pay for the children's shelter costs to the Job Corps just as they currently provide a daily room and board rate to non-Tier II providers. A per diem rate of \$26.66 for each child has been established by the operator. This covers the expense of housing and related costs for the child. Each district's local share will be based on the categorical eligibility of the client. Districts will also pay a monthly personal needs allowance of \$45 to the mother for each child.

Day care payments will be made directly to the day care provider on the Job Corps Campus. These payments will be based on Otsego County's child care market rate. These rates are included as Attachment C of this LCM. (Only the weekly Day Care Center Rate category will apply). Since the mothers will be JOBS participants, JOBS Child Care (Title IV-A) will be the funding source.

Once your district has identified a potential participant, please call James Cook in the Bureau of Employment Programs for an application and instructions for completion. Applications for the initial class enrollment starting in late April must reach this office by April 10, 1992. Later applications will be reviewed and a waiting list will be established for future class openings.

Date March 13, 1992
