SUBJECT: Low Income Day Care Allocations-SFY 1992

ATTACHMENTS: Attachment A-District Allocation (not available on-line)

I am pleased to inform you of your allocation for the Low Income Day Care Program. Attachment A indicates your allocation of State funds for State fiscal year April 1, 1992 to March 31, 1993 (SFY 92-93). The State share of the Low Income Day Care Program is 87.5% and the social services district match is 12.5%. The district share of child care and administrative costs may be provided in cash or in-kind.

This year's Low Income Day Care Program appropriation remains the same as last year, \$36,866,000. Therefore, there is no increase in the Low Income Day Care Program allocations to the social services districts over the 1991-92 levels. Allocations to social services districts are based on the 1991-92 allocation, not expenditures during SFY 91-92.

Due to the growth in the Low Income Day Care Program, no reallocation of Low Income funds is anticipated. Districts whose expenditures exceed their Low Income Day Care allocation will need to participate in the IV-A At Risk Low Income Child Care (ARLIICC) program or the Child Care and Development Block Grant (CCDBG) Subsidy program in order to maintain their current program. Districts which anticipate expanding child day care programs must do so through ARLIICC and CCDBG. Please refer to 91 LCM-112 and 91 LCM-180 for information on the ARLIICC program, and to 92 LCM-1 for information on the CCDBG Subsidy program.

We congratulate district efforts which have enabled low income parents with children in need of child care to complete their education and to maintain employment. We look forward to maintaining the availability of quality and affordable day care to New York's children.
