Transmittal No: 93 LCM-45

Date: April 29, 1993

Division: Economic Security

TO: Local District Commissioners

SUBJECT: Available Immunization Video Entitled "Before It's Too Late
Vaccinate"

ATTACHMENTS: None

Under a cooperative agreement with the New York State Department of Health's Women, Infant and Children Program (WIC), we have received a supply of the video "Before It's Too Late Vaccinate" which is appropriate for client waiting room viewing.

This 14-minute video which is available in English and Spanish, draws attention to the serious problem of the lack of protection from basic childhood diseases. The video explains that the best way to prevent diseases such as whooping cough and hepatitis B is to vaccinate.

If you wish a copy of the video, please contact Cindy Cotrona, Food Stamp Bureau at 1-800-342-3715 extension 4-4230, to receive a copy.
