Division: Health and Long Term  
Care

TO: Local District Commissioners

SUBJECT: County by County Database

ATTACHMENTS: Diskettes

I am pleased to inform you that the Division of Health & Long Term Care has completed the 1992 FFY Recipient County by County Databases File diskette containing data for counties within your DSS region.

Each county data set is stored in a Lotus worksheet and contains FFY 1983 - 1992 data for various provider categories of service summarized by age and age categories in addition to county-wide totals. Data is based upon date of services versus date of payment. All counties within your DSS region are stored in a compressed file on the diskette. Please refer to the installation instructions. Documentation for the database is also provided.

Should you need help with utilizing this data, you may contact Tom Fanning of my staff at (518) 473-0919, or User ID OUR130.
