DSS-4037EL (Rev. 9/89)

Transmittal No: 96 LCM-68

Date: July 31, 1996

Division: Services and  
Community  
Development

TO: Local District Commissioners

SUBJECT: At Risk Low Income Child Care and Transitional Child  
Care Program Extension

ATTACHMENTS: Attachment A: District At Risk Allocation  
(available on-line)

The Department of Health and Human Services has informed the Department that federal funds will be extended for both the At Risk Low Income Child Care (ARLICC) and Transitional Child Care programs for a three month period. The extension will cover child care subsidies for the period that begins July 1, 1996 and ends September 30, 1996.

Attachment A lists each district's federal allocation for ARLICC for the period July 1, 1996 through September 30, 1996. While district allocations for the extension period reflect a decrease from the previous quarter's allocation, allocations for the federal fiscal year beginning October 1, 1995 equal or exceed the amounts allocated in the previous federal fiscal year.

The federal share of the program is 50% and the state share is 50% (program and administrative costs). The state share is deducted from the district's allocation for the State Low Income Day Care program. All claims for expenditures for the ARLICC program for the period ending September 30, 1996 must be submitted by November 8, 1996. For details on the At Risk program, refer to 95 LCM-93, dated August 15, 1995.

Authority for the Transitional Child Care program also has been extended for the same time period. Funds are available that should allow social services districts to maintain this program at its previous level for the period of the extension. There is no specific district allocation for this program.

Date: July 31, 1996
